

Crowd *pleaser*

A functional yet elegant space for a busy young family.

DESIGNER Lucy Bock of Hecker Guthrie: "What can, at times, be a chaotic space for a Sydney family with three children, the design intent for this bathroom was for it to be cool, subdued and minimalist. Bespoke joinery clad with natural 'Luminosa' stone and hand-glazed ceramic wall tiles provide a fresh white backdrop to contrast the personality of the black powder coated tapware, fittings and pendants." What luxury item did you choose for this bathroom regardless of budget? "The custom floor-to-ceiling heated towel rail powdercoated in black was definitely a luxury essential."
